

THE WEATHER.  
Newark and vicinity: Cooler tonight; Wednesday fair, cooler.

VOLUME 76—NUMBER 49.

GREEN ACT  
PRAISED BY  
EXECUTIVE

To Wage Fight in De-  
fense of Workingmen's  
Compensation Law

EQUITY ASSOCIATION

Is Attempting Defeat of  
Measure Through Refer-  
endum Vote—Gov. Cox  
to Campaign Through-  
out the State.

[Associated Press Telegram]  
Columbus, May 6.—Governor Cox today opened a vigorous fight in defense of the Green compulsory work- ingmen's compensation act which was passed by the recent general assembly, and which the Ohio equity association of Cleveland is attempting to defeat through a referendum vote.

The referendum petitions were mailed to 2,000 manufacturers by the association today. Under the 90-day limitation of the initiative and refer- endum clause in the constitution, the petition must be in the hands of the secretary of state by June 17.

In a statement issued today, Gov- ernor Cox praised the Green act, and stated that he welcomed the fight against it. "It will be a summer well spent in convincing those interests that the same public opinion which procured the passage of the work- ingmen's compensation law without one dissenting vote in either house of the general assembly, will determine the result at the polls in a manner as un- satisfactory to the liability companies as the present Green bill is," said the governor.

"The movement against the measure is financed by the liability companies which, for the most part, are foreign corporations, concerns which have been taking from Ohio millions of dol- lars in net earnings, extracted from widows and orphans through com- promise under the stress of starvation when defendants have been unable to continue the test to the supreme court."

With the referendum petitions against the Green measure, the Ohio equity association is sending out peti- tions for the initiation of a substitue compulsory workingmen's compensa- tion bill, which would allow liability insurance companies to compete with the state in furnishing liability insur- ance. Under the Green bill liability insurance companies are excluded from doing business as manufacturers must take their liability insurance from either the state or from fund- created by themselves.

In defending what he has termed "one of the best laws ever enacted in Ohio," the governor added: "The plan. (Continued on Page 9, Col. 1.)

LOCAL SCHOOLS  
WILL OBSERVE  
PATRONS' WEEK

For the first time in the history of Newark schools there will be ob- served a formal "patrons' week." The time selected by the board of education for this week is from May 12 to 16. The board and the teach- ers have issued an invitation to all citizens interested in the education of Newark children to visit the schools some time during the week named.

There will be no formality ob- served, visitors being welcome at any hour of the day. The teachers will gladly welcome all. There will be no special program but the usual routine school work will be carried on.

Scientists Gather Today  
To Pay Tribute to Memory  
of the Father of Aviation

[Associated Press Telegram]  
Washington, May 6.—Seventeen years ago today a model of the heav- ier than air flying machine took wings from a secluded spot on the Potomac, for more than a mile under its own steam and marked the beginning of a new era in aviation. Its inventor, Prof. Samuel P. Langley, continued his experiments to build a machine that would carry a man and finally died of a broken heart, some of his friends say, because of the ridicule heaped upon him because he thought he could invent "a flying machine."

But today at the Smithsonian Insti-

Political Prisoners of  
Portugal are Taken to  
The Fortress of Angra

[Associated Press Telegram]  
Lisbon, May 6.—The Portuguese government has dispatched all the political prisoners arrested for com- plicating in the last attempt to over- throw the present republic on Sun- day, April 27th, to the Azores for trial and punishment.

About 200 of the prisoners were marched at dawn yesterday on board the steamer Cabo Verde which had been chartered by the government. She sailed immediately bound for Terceira Island, where the accused are to be courtmartialled in the for- tress of Angra, the capital of the is- land.

The Portuguese premier was ques-

tioned last night in part commented on the subject:

"The prisoners had been sent to Angra under the provisions of the law giving the government the right to choose any place for trial of po- litical prisoners."

The families of the accused are terrified by the step taken by the government, and express fear as to what may happen to their relatives when they arrive on the remote is- land and are placed in the secluded stronghold.

The riots on April 27 in which the prisoners were implicated were started by the Ultra-republicans. They gathered in groups before the barracks of Lisbon, fired revolvers, exploded small bombs and cheered for the "radical republic."

COLD WAVE  
TO REPLACE  
HEAT SPELL

[Associated Press Telegram]  
Washington, May 6.—The heat spell is about to be broken by a cold one. In the language of the weather sharps, there will within the next 36 or 48 hours, be a general change in distribution of atmospheric pressure over the Atlantic ocean and the North American continent. This will cause a general reaction to lower temperature over the Atlantic states, the Ohio and Mississippi valleys and the lower lake region.

The forecaster at headquarters who tells all the other foreasters what kind of weather to serve to their con- stituents looked over the reports in this area today, ordered the official mercury to turn about, and issued the usual warning to straw hats and other summer attire.

GOVERNOR COX  
PRAISES WORK  
OF THE Y. M. C. A.

[Associated Press Telegram]  
Columbus, O., May 6.—"I believe that if we could extend the Y. M. C. A. movement to every village and hamlet in the state, and its influ- ence to the farmers as well, we could close down jails and peniten- tiaries here in Ohio in a very short time," Governor James M. Cox de- clared at noon today in addressing a party of Y. M. C. A. men who in- augurated the campaign with an open air luncheon on the north- east side of the state house, under the windows of the governor's office.

"It is right and proper that you should lunch here in the shadow of the state house," the governor added. "The state must be buttressed by the citizenship, and I know of no institution in the world, that is doing more to promote this than yours."

The governor and Secretary George Burba were guests at the luncheon.

\$14,300 TAKEN FROM  
EXPRESS PACKAGE

[Associated Press Telegram]  
Oakland, Calif., May 6.—The theft of one hundred and forty-three \$100 bills, \$14,300, from an express package sent from Washington, D. C., to the Central National bank of this city, is engaging the efforts of a number of special agents. When the package reached the bank here it was found to contain merely clipped magazine pages of the size and weight of the missing bank notes. The bank notes were addressed to the Oakland bank from the National bank redemption office.

MAGLEY DRAWS  
PEN CLERKSHIP  
IN POWER PLANT

[Associated Press Telegram]  
Columbus, Ohio, May 6.—George J. Magley, who after changing his plea to guilty and being sentenced, entered the penitentiary yesterday to serve a three-year term for certi- fying reports to the state bank superintendent, was made a clerk in the power plant by Warden Thomas today.

tute a group of scientists, whose names are known to the world, gathered to unveil a tablet to his memory as the father of advanced aviation and to present medals to Glenn Curtis and Gustave Eiffel who have carried on the work Langley left off.

Curtis was absent but Ambassador Jusserand received the medal for Eiffel. Later at the army war college an exhibition of flying boats was given. Army and navy officers carry- ing on the development of aviation were present and many of the notables of Washington life came to pay homage to the memory of Langley.

STILL AFTER JURY  
FOR JOHNSON TRIAL  
IN FEDERAL COURT

[Associated Press Telegram]  
Chicago, May 6.—The process of getting a jury to try Jack Johnson, the negro fighter on a charge of violat- ing the Mann white slave act con- tinued in Federal Judge Carpenter's court here today.

The twelve veniremen chosen by the government yesterday were tendered to the defense for exami- nation. The line of questioning was designed to disclose whether the veniremen entertained prejudices against miscegenation and pugilism. One venireman admitted that he was prejudiced against the defendant be- cause of the suicide of Etta Duryea Johnson, the fighter's first white wife.

HUNGER STRIKE  
IS NOT POPULAR  
WITH SCHOLARS

[Associated Press Telegram]  
New York, May 6.—Wearied of the "same old songs" in the morning, and "the same old grub" at noon time, the 3,300 pupils of the Stuyvesant High school are agitated by a strike move- ment. It began when 1,200 boys as- sembled in the auditorium yesterday and refused to sing "Hymn 286" not a voice was raised, but when the principal announced "we will now sing 'America,'" the patriotic instinct of scores of boys was so aroused that they sang lustily, although a majority of the students still kept their lips shut tight.

"We weren't going to throw down 'America,'" the strike breaking patriots explained.

Balking at the food served in the school lunch room and demanding permission to buy their lunches out- side, the lads also started a hunger strike but this has not proved so popular.

GOV. COX SIGNS  
NUMBER OF BILLS

[Associated Press Telegram]  
Columbus, May 6.—Governor Cox continued his scrutiny of bills passed by the legislature today and approved many of them. Among the more im- portant bills which he signed were by Black of Wyandot, provides pay for penitentiary prisoners upon good behavior; by Kilran of Cleveland to prevent lead poisoning; by Wood- worth of Adams, allows teachers to take examination on two different days instead of one day; by Chap- man of Montgomery, for the refund of the liquor tax to saloonists who were closed during the flood; by J. Atkins of Madison county, raises tax valuation necessary for school dis- tricts from \$100,000 to \$500,000; by Snyder of Hamilton county, grants to Cincinnati a portion of the canal bed for terminal railroad purposes; by Vollmer of Cleveland, extends to merchantile establishments the limita- tion of the number of hours which women may work.

Governor Cox stated that the con- stitutionality of the Chapman bill to refund license to saloonists is a serious question which will have to be determined by the supreme court.

FOUR YEARS FOR  
CLERK WHO ISSUED  
FALSE VOUCHERS

[Associated Press Telegram]  
Columbus, Ohio, May 6.—E. K. Lott, Darke county commissioner's clerk, must serve four years in the penitentiary as a result of the su- preme court's decision today. The decision of the lower courts was af- firmed.

Lott was indicted May, 1912, for aiding and abetting H. J. Frey, con- tractor, now serving two years in the penitentiary, in presenting, May 29, 1911, false voucher for \$268.90.

AUTO RECEIPTS  
IN EXCESS OF  
\$2,000 PER DAY

[Associated Press Telegram]  
Columbus, O., May 4.—Receipts of the state automobile department for the month of April were in excess of \$2,000 per day. The month- ly report of register Shearer an- nounced today, shows cash receipts amounting to \$55,930.62 for April. With the exception of January this is the largest receipts for any month this year.

BOARD WILL  
OBTAIN NEW  
PEN PLANS

Will Also Select Site for  
Proposed Penitentiary  
in Country

COMMISSION MEMBERS

Will be Named by Governor  
and Will Serve Without  
Compensation—\$250,-  
000 Has Been Ap-  
propriated.

[Associated Press Telegram]  
Columbus, Ohio, May 6.—Members of the commission appointed the first of the year by Governor Cox to in- vestigate penal conditions in Ohio, probably will be re-appointed mem- bers of the commission to select a site and obtain plans for the build- ing of a new penitentiary in the country.

The members of the first commis- sion, who are said to be slated to membership on the new commission created by the legislature, are: J. A. Leonard Superintendent of the Mad- rid reformatory; Dr. A. F. Shepard, member of the board of administra- tion; Rutherford H. Platt, of Colum- bus and Dr. Harris R. Cooley of Cleveland. Representative Black of Wyandot county, already has been selected as secretary of the new com- mission.

Neither the members nor the sec- retary of the prison site commission will receive any compensation for their services. However, they will receive money to defray their ex- penses.

The commission is authorized to select a rural site of from 1,000 to 2,000 acres in Central Ohio, not too near a large municipality. It also caused to have plans drawn for a model state's prison. The recent leg- islature which created the commis- sion, appropriated \$250,000 towards the project.

The actual building of the new pen- itentiary will be supervised by the state board of administration, with the help and advice of the members of the commission.

MISS FLORENCE FLEMING NOYES IN DARING  
GREEK COSTUME AT WOMEN'S PAGEANT

New York, May 6.—Florence Flem- ing Noyes was one of the prin- cipal figures in the Woman Su- frage party pageant given at the Metropolitan opera house in New York, May 3. Among a hundred oth- er young women dressed in the con- ventional Greek costume she stood out.

She appeared on the stage imme-

Council Won't Rush Wage  
Increase Ordinance; Must  
Take Its Regular Turn

Laborers employed in the various departments of the city government will not get the increase in wages re- commended by Service Director Mc- Carthy, at least not for another two weeks. At Monday night's meeting of council, an ordinance prepared under the direction of the service committee was read for the first time and the motion to suspend the rules was lost so the measure will go over until the next meeting. Several of the council- men doubted the advisability of es- tablishing a standard wage scale of \$2 per day for common labor, when there is already a dearth of laborers in New- ark. Laborers in the employ of the service department today are drawing \$1.65 per day, while skilled labor is paid \$2 and special skilled labor \$2.25. The new ordinance adds 35 cents per

DROPS GRAND JURY  
INVESTIGATION OF  
FRANCHISE BILL

[Associated Press Telegram]  
Columbus, Ohio, May 6.—Applica- tion for grand jury investigation of alleged influence used by lobbyists to secure the modification of the Snyder intermediate franchise bill during the last hours of the legislature was dropped today by Mayor Henry T. Hunt of Cincinnati, who, in a letter to Prosecuting Attorney Edward C. Turner of Franklin county, stated that he is "unable to furnish any evi- dence of violation of any criminal statutes."

"Now that the first irritation natu- rally incident to the failure of the general assembly to pass the inter- mediate franchise bill in such man- ner as to make it apply to all pub- lic utilities in the state of Ohio, is over, I am able to view the circum- stances in a somewhat calmer way," wrote the Cincinnati mayor.

INTERNATIONAL  
INSTITUTE OF  
AGRICULTURE

[Associated Press Telegram]  
Rome, May 6.—The general assem- bly of the international institute of agriculture was inaugurated today in the presence of delegates represent- ing fifty three countries. Among those from the United States were, David Lubin, California, Dr. Alfred C. True, director of the office of ex- periment stations, Washington; Prof. C. W. Pingely, Nebraska and Prof. T. J. Brooks, Mississippi.

HOME RULE PROVISION  
IN NEW CONSTITUTION  
NOT SELF-EXECUTING.

[Associated Press Telegram]  
Columbus, May 6.—The home rule provision in the new constitution is not self-executing, so the supreme court held in a decision handed down this morning, in the case of the state in relation of the City of Toledo against John J. Lynch, Auditor of Toledo.

day to the wages of the common laborer while 25 cents each is added to the daily wage of the skilled and special skilled laborer. The measure will probably pass when it comes up to a final vote but there was no desire to railroad the measure without giv- ing it mature thought.

The night was hot and most of the councilmen democratically removed their coats. All the members were present and following the preliminary work, the routine business was dis- posed of rapidly.

Mayor Swartz's report showing the collections of fines and costs in his court for April was submitted. The report showed the following collec- tions:

State cases—Fines collected, \$241;

LIEUT. GRAN  
TELLS STORY OF  
SCOTT'S DEATH

[Associated Press Telegram]  
Winnipeg, Manitoba, May 6.—Ex- haustion and not starvation was the cause of the death of Captain Scott and the men who died with him on their way back from the South pole, according to Lieut. Gran, a member of the supporting party which found the bodies. Lieut. Gran stopped off in this city for a few hours on his way to London.

"The end of the party was appar- ently peaceful," declared Gran. "When we came up to the tent in which the bodies lay, something seemed to tell us that the end for them had come."

"Lieutenant Wright of Toronto, a Canadian, who also was with our lit- tle party, approached the tent first and lifted the flap. Captain Scott lay on his back as if asleep, but out- side of his sleeping bag. Dr. Wilson and Lieut. Bowers were in their sleeping bags, and it was apparent that they had been carefully wrap- ped up by Captain Scott, who evi- dently was the last to die."

"Lieut. Bowers lay on his side, exactly as if he were asleep. Dr. Wilson was sitting in a half reclin- ing position, his back against the in- side of the tent, as we entered. His features wore the traces of a faint smile and he looked exactly as if he were about to awaken from a sound sleep. I had often seen the same look on his face in the morning as he awakened, as he was of a most cheerful disposition."

"While they did not die of star- vation, still all their food had given out and worst of all, their fuel. Then it must be remembered that they were experiencing terrible pains. When we had secured all the equipment and the records of Cap- tain Scott, we laid the bodies side by side and said a burial service for them. Then we removed the poles from the tent and covered the bod- ies over with the canvas. On top of this we built a cairn of snow and ice fifteen feet high. We took two skis, bound them together in the form of a cross, erected it on top of the cairn, a last memorial to the dead, and left them where they fell."

Gran has in his possession Scott's diary and records. He is a stalwart young Norwegian.

HAYS ADMITS  
VIOLATION OF  
COURT'S ORDER

Ed Hayes, sentenced to the peniten- tiary for ten years for burglary, and a suspension of the sentence being or- dered pending good behavior, the defendant was lately convicted of burglary in Franklin county and sen- tenced to five years in the penitentiary. The five years to commence after the termination of the ten year suspension in Lucking county.

Hayes was brought into court Tues- day and confessed that he had violated the court's conditional order of sus- pension. Judge Fulton thereupon set aside the suspension and ordered the defendant taken to the penitentiary and start on his sentence of ten years.

Militia Ordered Out At  
Syracuse to Quell Strike  
of 5000 Italian Laborers

[Associated Press Telegram]  
Syracuse, May 6.—Twenty-five men, policemen and Italian strikers were hurt in a pitched battle here this morning and the mayor and sheriff have decided that the militia will be called out. The revolvers of the po- lice were matched against guns, stones and clubs of the strikers. Two of the strikers were mortally wound- ed. Eight policemen were hurt, four of whom are in the hospital suffering from wounds inflicted by bricks and stones. The riots which were the outcome of a laborers and had car- ried strike, which has been in pro- gress here, were fiercest in front of the Catholic cathedral of the immac- ulate conception, only two blocks from the heart of the business sec-

INCOME TAX  
HAS INNING  
IN DEBATE

Only Two Features in  
Tariff Bill to be Dis-  
posed of by House

SENATE COUNTED UPON

To Make Minor Changes  
in Income Tax Clause—  
Republicans From the  
Northwest Oppose  
Free Wheat and  
Flour.

[Associated Press Telegram]  
Washington, May 6.—The adminis- trative and income tax features of the tariff bill remained to be disposed of today when the house convened. Both sections are important portions of the bill with many pages of details that puzzle new members but their adop- tion virtually intact was confidently counted upon by Democratic leaders.

The preferential of five percent up- on foreign goods brought in American bottoms and the strenuous opposition of insurance companies against provi- sions of the income tax on the ground that policyholders would be ultimately burdened with greater premiums, were issues ahead when the bill was taken up.

All on the Democratic side while not proposing to bolt the caucus that bound the majority to the ways and means committee bill, were not en- tirely agreed upon the clause of the income tax, though there is no differ- ence of views as to the principle. Those who differ count upon the sen- ate to make some minor changes.

One change to be urged in the senate is to provide that the income tax shall be levied upon the income of the calendar years after 1913 but to apply this year only from the date of the ratification of the constitutional amendment.

Republicans from the northwest at- tacked the free wheat and flour pro- visions of the bill. Representative Underwood defended free flour, de- claring that the northwest would not be injured and an amendment to the bill was defeated. One bill to take lumber from the free list and alter the wood pulp and print paper were finally defeated.

A Democratic-Republican love feast was held as consideration of the tax- ing provisions of the bill drew to a close. The occasion was the birthday of Representative Underwood.

Minority Leader Mann announced that he wished to put aside partisan feeling for a time and talk personally.

"REDS" ACTIVE  
WHEN ALPHONSO  
VISITS PARIS

[Associated Press Telegram]  
Bordeaux, France, May 6.—Two Spanish anarchists were arrested here today on suspicion of being concerned in a plot against the life of King Alfonso.

King Alfonso of Spain, and Premier Count Alvaro De Roman- ones with a large suite left Madrid for Paris today on a two day's visit to the French capital.

Shawnee: John Stoyke, 77, was kill- ed by a motor car in the Sunday Creek Coal Co's mine yesterday.

tion of the city. There were riots also in several other parts of the city.

All ambulances in the city rushed the wounded to the hospitals.

Firemen rushed to the scene, coupled hose and poured powerful streams upon the strikers driving them back.

A call for the state militia was sent out at 11 o'clock.

A crowd of about 200 Italians in- terfered with the work of construc- tion at the First Baptist church and fifty policemen were sent to the scene. They fired over the heads of the mob. This was the beginning of the trouble. Fire company, No. 1, was immediately called and turned on the water drenching the mob.

FIRST YACHT RACE FOR VIKING CLUB OCCURS JUNE 28

[Associated Press Telegram] New York, May 6.—The New York Yacht club has chosen June 28 the date for the first race for the \$2,500 Viking cup offered by Sir Thomas Lipton for cruising motor boats of a waterline length between 20 and 35 feet. The course will be from New Rochelle, through Long Island Sound to Block Island, a distance of 100 miles. The prize must be won three times by the same owner to become his permanently. The crew must be made up entirely of amateurs. Races competing for the Lipton cup race at the same time for the Day trophy, which is open to cruisers from 25 to 40 feet.

OVER 100 BOXERS TO PARTICIPATE

[Associated Press Telegram] Boston, Mass., May 6.—More than one hundred amateur boxers from the United States and Canada will participate in the national amateur athletic union boxing championships meet here tonight. A number of national titleholders will defend their honors.

Great College Athlete Must Quit For This Season

Charley Brickley, Harvard's football star and important in Harvard's track and field team, is out of it for the summer anyway. He was punched and kicked and knocked about, as is customary on the gridiron. Once he was carried from the field in a state of complete exhaustion. But he was not seriously hurt. Then one day he went into the gymnasium for a little light exercise in jumping—broad jumping is his specialty in field athletics. After trying a few springing starts he pulled up lame. One of his leg muscles was sore, and he had to lay off. He must do nothing till the tendon is thoroughly healed. He will be lucky if he is in condition to enter football this fall.

BATHING COSTUMES WORN BY WOMEN ON THE BEACHES OF FRANCE DIFFER LITTLE FROM THOSE OF THE MEN

New York, May 6. Photographs of these costumes sit about the beaches and even at the tables of the beach-side cafes, drinking and eating as unconcerned as those in more modest costumes at American beaches. Late the Atlantic City Chief of Police said women might wear skirts ending a little above the knee. In France they need not wear a skirt at all. Coney Island has been accused of going the limit, but Coney Island would be shocked at the French fashions in bathing suits. The photographs here reproduced were taken at Trouville. Scores of women wearing similar suits cover the beaches both at Trouville and Ostend. There is nothing thought of the matter, but New York police would be horrified if they found such costumes at Coney Island or Broadway.

PHILADELPHIA LOSES PROTEST

New York, May 6.—The New York Nationals had no undue advantage over the Philadelphia club in the games played at the Polo grounds late in April by reason of the fact that there was a hole scooped out of the diamond back of the pitcher's box. This is the finding of President Thomas J. Lynch of the National League, on the protest of the Philadelphia club, and he orders that the result of the games shall stand as played.

The Philadelphia club protested the games played April 23 and 24, alleging that a hole several inches deep was scooped out back of the pitcher's plate, in violation of the rule which requires the field to slope from the pitcher's plate to every base line. New York won the first game, 3 to 1, and the second 7 to 1. During the series President Locke of the Philadelphia made a verbal complaint to headquarters relative to this hole, and Empire Klem was instructed to have the groundkeeper level off the ground in order to avoid the possibility of a ball thrown from center field striking back of the rubber. The New York club in answering the protest, stated that it became necessary this season to put in a new pitcher's plate at the Polo grounds, and that, owing to the rains and the fact that the field is in use every day by the National or American league clubs, a slight depression resulted back of the plate.

**STORIES ABOUT BILL.** You ought to read about "Bill," the office boy, in the 24-page illustrated magazine published with the New York Sunday World. Paul West, the well known author is telling the story of Bill. This is a brand new original series of stories, full of humor and human interest. Bill begins on Sunday, May 11.

LUSTROUS HAIR SOFT—ABUNDANT

Unightly, Matted, Scrappy Hair Made Soft and Lustrous at Once—Parisian Sage.

If your hair is anything short of perfect; if it is too dry, brittle—dull, thin, or has been falling out, you can immediately bring about a change by using Parisian Sage. The first application removes dandruff and increases the beauty of the hair. A scientific study of the hair shows just what elements are needed to soften it, make it wavy and glossy, and make it grow—just like watering the plants in the garden.

Parisian Sage supplies hair needs. It is a tea-colored liquid, delicately perfumed, not sticky or greasy, that comes in a fifty-cent bottle at the druggists and toilet counters. The "Girl with the Auburn Hair" on the package. Apply Parisian Sage and the effect is immediate. One application stops the head from itching and freshens up the hair. Use it daily for a week and you will be surprised and delighted. Those who have tried it write us enthusiastic letters and tell all their friends about it. Sold by Evans' Drug Store and dealers everywhere with a full back provision to every purchaser if not satisfactory. Parisian Sage is one of the quickest acting hair tonics known.

E. WILLIAMS TO NEW ORLEANS

Cincinnati, May 6.—The national commission, in a decision handed down yesterday awarded the services of infielder Errol Williams, former Newark, Ohio, State League shortstop to the New Orleans club. Williams was drafted from Newark in 1912, by the Washington club. Washington relinquished his claim to Atlanta, but the national commission holds that New Orleans had a previous claim. He will play in the latter city. The commission also allowed Player E. C. Channel full salary during an illness while with the Denver club last season.

TODAY'S RECORDS OF THE PUGILISTS

1908—Jimmy Clabby knocked out Jack Ward in 2d round at Milwaukee. 1909—Jimmy Austin and Young McGovern fought 6-round draw at Los Angeles. 1910—Eddie McGorty and Hugo Kelly fought 10-round draw at Milwaukee. 1911—Frank Loughrey knocked out Henri Piet in 5th round at Paris. 1911—Australasian Charley Griffin bested Joe Coster in 10 rounds at New York. 1911—Joe Rivers defeated Johnny Kilbane in 20 rounds at Vernon, Cal. 1912—Bob Moha outpointed Charley Little in 10 rounds at Albany.

LARGE FIELD FOR LOUISVILLE DERBY

[Associated Press Telegram] Louisville, Ky., May 6.—It was regarded as practically certain here today that the renewal of the Kentucky Derby classic May 10, would see at least eight starters at the barrier, the largest derby field since 1909, when ten years olds went to the post. It was still uncertain today whether F. Buschenecker's Hawthorn, mentioned as a prominent contender, would start, although the announcement was made from the Lexington stables where the horse has been sick for several days, that he had completely recovered.

Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

The Kind You Have Always Bought In Use For Over 30 Years THE CENTAUR COMPANY, 27 MURRAY STREET, NEW YORK CITY.

# TWO GENERATIONS NOW USING IT FOR THE CHILDREN

Nation's Most Popular Laxative  
Keeping Millions of Ameri-  
can Families in Good  
Health.

There must be genuine merit to an article that has stood the test of two generations of users.

In the field of medicine none has had greater success, nor retained that success to a greater degree, than Dr. Caldwell's Syrup Pepsin, which is now being used by two generations of people. Its use in families is constantly becoming more general. The reason, primarily, is that it has merit. It is what it represents itself to be, a laxative- tonic; it does not make exaggerated claims nor use coarse language to set forth its virtues.

It is a medicine, but so mild and gentle a medicine that thousands of mothers give it to tiny infants, and yet, in a slightly larger dose, it is equally effective for grown-ups. It is for any disorder of the stomach, liver or bowels, for constipation no matter how chronic, for dyspepsia no matter how severe, for biliousness, sour stomach, gas on the stomach, headaches, drowsiness after eating, and similar complaints arising from a clogged-up condition of the bowels. It is pleasant to the taste and does not gripe. It can be used with safety and good results by anyone at any age or in any condition of health, and that person's health will improve. Every druggist sells it and the price is only fifty cents and one dollar a bottle.

Thousands of families throughout

ELSIE LEWIS.

the country are never without it in the house, among them Mrs. Clara Lewis, Beck's Store, Ky., who gave it to her baby, Elsie, while teething, and says: "It is the best medicine in the world for the stomach and bowels." She writes that she keeps it in the house for every member of the family, takes it herself and that her mother recovered her health and gained in flesh by using Dr. Caldwell's Syrup Pepsin.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address - a postal will do - to W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

## COURT HOUSE EMPLOYEES WANT HALF HOLIDAY

Employees of the county, in and about the court house may soon petition county commissioners to close the county temple of justice every Saturday afternoon, at least through the heated summer season. It is understood that all of the county clerks are anxious for such an arrangement and that all but two of the county officials have expressed their willingness to acquiesce should such an arrangement be found convenient.

Since the Saturday half-holiday bill has become a law in this state, and in view of the fact that there is scarcely any addition to the routine work in county offices on Saturday afternoons, the employees believe their appeal would meet with favorable consideration, at least by the public.

Most counties in the state observe the half-holiday by closing Saturday afternoon.

Bacon—"Huxley said that an oyster is as complicated as a watch."

Egbert—"Well, I know both of them run down easily."—Yonkers Statesman.

## SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMTISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After a Few Doses Are Taken.

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles, is to remove the cause.

The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and cleans out and strengthens the stopped up, lifeless kidneys so they filter and sift all the poisons from the blood, and drive it out of the system.

So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results.

You can obtain an original package of Croxone at trifling cost from any first class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.

TO-DAY is the anniversary of Admiral Dewey's May day victory at Manila - one of the greatest achievements in naval history.

TIP-TOP BREAD

is winning victories every day over other brands of bread by reason of its superior quality, flavor and purity. It is a real achievement in bread making. Ask your dealer today for Tip-Top.

Try it—it's different—unusually good—surprisingly good—exceedingly good.

## A Trixie Travelogue.

Miss Trixie Traveler and Dixie, her brother, Took Dixie, the pup, from one land to another.

The trio sailed far in an airship of state, As Trix in her Travelogue now will relate.

Today we took an airship swift And landed in old Spain. We heard the click of castanets And followed o'er the plain.

We saw the famous troubadour Who played his gay guitar, Rejoicing to be home again Safe from a foreign war.

With tambourines the ladies danced, With roses in their hair, In lace mantillas they were dressed And waved their fans in air.

The port from which Columbus sailed To find our fair country, Where Isabella sold her goma, Was very fair to see.

Like him, we westward turned our course, And, speeding through the air, We soon espied the dear home ground And gladly rested there.

—Youth's Companion.

Ways of Producing Electricity.

Electricity is produced by chemical action or by the action of acids, etc., on metal plates. This current is called galvanic electricity and is the kind generally used for operating telegraph lines, telephones and doorbells.

There are a great many forms of galvanic batteries, from the "wet" battery of the telegraph lines, consisting of copper and zinc plates immersed in an acid solution, to the "dry" batteries, such as are used on doorbells and for ignition purposes in gasoline engines.

Frictional electricity or static electricity can be produced by rubbing glass and other substances with silk cloth. Lightning is static electricity, and usually the quantity of static electricity is small, but the pressure or voltage is enormous. This explains why it snaps and crackles when it is generated by rubbing the cat's fur.

Magnetic electricity is produced by moving a wire between the poles of a magnet. Electricity produced in this way is the kind used for lighting our streets and buildings, for electric heating and cooking and for driving our trolley cars and factory motors.

Household Gossip.

One of the players is sent out of the room. The leader asks the others to say something about the absent one.

As each one in turn makes a statement or criticism the leader writes it down, with the speaker's name, on a piece of paper, which she keeps. The player is then called in, and the statements about him are read aloud, one at a time, and he must try to guess who said each one as it is read.

As soon as he guesses one correctly the person who said it takes his place and goes out of the room to be criticised in turn.

Examples of comments:  
You have the hairy eye.  
Your nose is too small.  
There is a spot on your coat sleeve.

Your pompadour is not becoming.  
You have a witching smile.  
Your shoes are a size too small.  
You are a delightful letter writer.

Card Trick.

Here is a good and simple card trick: Ask any one to choose three cards from a pack and to place them face downward on the table. Then, beginning to count with the number of pips on each card laid down, let him place other cards upon these on one heap at a time until in every case he has counted up to fifteen, adding mentally as he places down each card.

When he has thus completed the three heaps take from him the remaining cards and count them. Their number, less four, will always be the number of pips on the three chosen cards. An ace counts eleven and a court card ten.

Thus: If he has chosen a 7, 10 and ace (11) he must cap these with 8, 5 and 4 cards respectively. There will then be 32 cards left, and 32 less 4 equals 28, which is the sum of 7, 10 and 11.

Giant Butterflies.

In the northern part of New Guinea there are butterflies so large that the natives hunt them with the bow and arrow. They belong to the species Troides chimera, and they are not only among the largest but among the rarest butterflies in the world.

Some specimens measure eleven and a half inches across the wings. The males which are very shy, are found only at certain hours of the day at the top of lofty blossom bearing trees. The natives sometimes shoot the butterflies with four pronged arrows, sometimes capture them in nets made of spiders' webs.

Sift Smoke.

Sift smoke is an amusing game played with a complete pack of cards divided into halves, one portion being dealt round to the players and the other remaining on the table, the last card dealt being trump. The cards rank as at whist. The tricks are of no value, but each player must follow the suit led or play a trump. For each trick gained the player takes a card from the undealt portion, and he who can hold out longest wins the game.

Number of Hairs on the Head.

A German physiologist who counted the hair on different human heads states that, taking four heads of hair of equal weight, the number of hairs, according to color, was as follows:

Red, 90,000; black, 103,000; brown, 109,000; blond, 140,000.

D. D. B. Prescription for Eczema

This mild wash will bring you instant relief from the awful itches. Prove it with a 40c bottle. We guarantee the regular \$1.00 size bottle to end your disease and begin your cure or your money back. D. D. B. Soap helps, too, ask us.

## BOYS HELD ON THEFT CHARGE IN JUVENILE COURT

Probation Officer James Sheridan, whose sleuthing qualifications have rounded up many a youthful miscreant in recent months, has under arrest two boys, neither over twelve years old, one of whom is said to have confessed to the theft of property from the Erman Drug store, in the Arcade, during business hours Sunday.

David Lock, ten years old, of Baltimore street and Martin Moner, eleven of Washington street, are held, and Lock is said to have confessed, implicating Moner and two other lads. The others, Martin Dobbs of Baltimore street and Gilbert Baski of Monroe street are said to have had "cold feet" about the time the robbery was to come off and failed to take active part in the affair.

The Lock and Baski lads were recently charged with the theft of two wagons from in front of the Elliott Hardware store in West Main street and Lock was also up on the charge of stealing pencils from the Kresge store in the Arcade.

The lads will be arraigned probably Wednesday.

## SWAT THE FLY AND SWAT THE MAN WHO PERMITS IT TO BREED

Here are the mathematics of our greatest menace: The fly + the milk + the baby = the grave.  
The man who willfully permits the flies to breed on his property by not removing or screening all filth should be looked upon as a destroyer of human life and dealt with accordingly.

## Daddy's Bedtime Story

Prince Hyacinth  
And His  
Wonderful Nose.

HEVELYN called Jack nose because he had been prying into her workbox and scattering the needles and thread about. Daddy said: "Dear me, what a name for a little girl to call her brother! Now, if poor Jack had a nose like Prince Hyacinth such a name might fit him, but with a little snub nose like his there is no excuse for it."

"Who was Prince Hyacinth?" Evelyn asked, hoping to change the subject. "Prince Hyacinth was the son of a king and queen who lived in the time of the fables. He had a very long nose, and his mother would never allow any one to tell him it was too long. The little boy's father died when he was a small child. The reason he had such an odd nose was owing to his father having offended a very powerful fairy."

"So as the little boy grew up his nose became longer and longer until people who saw him for the first time could hardly help laughing. But they did not dare laugh before the prince or the queen or they would have been punished."

"The court people got into the habit of telling the prince that his long nose was really very handsome and that the longer one's nose happened to be the cleverer this person was likely to be."

"After awhile, when the prince grew up, the queen, his mother, began to look around for some nice princess whom he could marry. But the nice princesses who had seen the prince seemed not to care about marrying Prince Hyacinth, as he was called. The queen was very angry that no one should wish to marry her dear son. At last she heard of a very poor but pretty princess in a faraway land. When she wrote to the young lady's parents they said this was really for the prince to decide and for the prince to come and make them a visit and get acquainted with their daughter."

"The prince started out, and he had to pass through many strange countries. Sometimes rude people laughed at his nose, but the prince was so used to hearing it praised that he did not believe there could be anything wrong."

"Now, when the prince himself should find out that his long nose was not nice the fairy's enchantment on it would be broken and the nose would shrink and be a handsome, well formed nose just of common size."

"Well, when the prince reached the home of the poor and pretty princess and the king and queen, her father and mother, led her up to him he was so charmed with her that he stooped down to kiss her lovely white hand, but his nose was so long it got in the way."

"Plague take the old nose!" the prince muttered, and like a flash his long nose was gone and a handsome short nose had taken its place. And then the princess, of course, married him, and the queen, his mother, was much delighted."

## THE CONGRESSIONAL SITUATION

(Mt Vernon Banner)

"In the Columbus political special in Sunday's Cincinnati Enquirer is a paragraph on the situation in the new Seventeenth District, in which the probable candidates mentioned for the Democratic nomination for congress are Congressman Wm. A. Ashbrook and Wm. D. Fulton of Licking, William Green of Coshocton, William Haas of Delaware, John Cunningham of Knox, James P. Seward of Richland and A. P. Black of Ashland. The astute correspondent of the Enquirer is not correctly informed as to Senator Cunningham. Shortly after the passage of the gerrymander and before he left for Europe, Mr. Cunningham stated to the Banner that he had no ambition to go to congress and that he would not be a candidate for the nomination. Neither has any other Knox county Democrat come to the front with congressional aspirations. Congressman Ashbrook is a close neighbor and has a wide and influential acquaintance in Knox county, and if this county has no candidate doubtless he will be a strong favorite in the primaries in this county."

## Diplomats Say We Need Not Fear a War With the Japs

By ARTHUR W. DUNN.

Washington, May 6.—[Special.]—Those men who make it a business to probe deep into diplomatic mysteries say there will be no war with Japan as a result of the legislation in California. It is said that while Japan wants to keep her national dignity from being affronted, she does not as a matter of fact want her people in California or the Hawaiian Islands. She prefers to have them in Korea, Manchuria and Formosa, where they will be building up the Japanese empire.

Another reason given is that with war impending in Europe it is impossible for Japan to finance a war at present. The Balkan war has been a drain upon the resources of the world, and these money holders do not want to spend any more for war until they are assured that the interest will be forthcoming.

And yet there are others less sanguine. There are many people who wish that at least half of the big battleships were on the Pacific coast and that there was somewhere an adequate coal supply for a fleet there.

**Pressure on the Senate.**

When it becomes apparent that the Underwood tariff bill is not to be amended in any important particular there will be considerable pressure on the senate for ending the discussion and getting the bill to a vote. Already many business men are saying they want the tariff settled as quickly as possible so that they can pass on to their affairs, knowing just what to expect.

Of course the senate is not always to be hurried by outside pressure, and senators resent criticisms of that sort. Yet the senate often heeds public opinion while grumbling about the manner in which it has been brought to bear.

**Would Not Be Pleased.**

Victor Murdock still insists that the people would not be pleased if they knew how a tariff bill is made and how little the members who represent them actually have to do with it except to vote for it. He pointed to the lack of interest in the debate as an example of bad legislation.

But, after all, the methods have little to do with the people. There was, of course, a tremendous howl against Cannonism, and it went to the extent of making many people believe that Uncle Joe was a "bad" man, when as a matter of fact he was really the most popular man in the house. But the people did not like the tariff bill he helped to put through. It was what they got that made them sore, not how it was done. Congressional methods, so long as they are endorsed by a majority, will never disturb the people much.

**Lose Americanism.**

A good reason to return the Republican consuls, now under protection of a certain sort of merit system, has been found. These men have been abroad so long they have lost their Americanism.

ture Emperor since his last birthday, and he is now sober and serious in demeanor. His detention in the barracks at Danzig, by order of his imperial father, apparently has had a salutary effect, for the Crown Prince now spends much time with his regiment, and the gay and profligate companions of former years know him no more. He has even manifested some respect for the opinions of his father.

Rear Admiral Robert E. Perry, who has lately been touring Europe, addressing scientific bodies, celebrates his fifty-seventh birthday today. The famous explorer who discovered the north pole recently declared that he is through with Arctic quests, and that he has eaten his last blubber and shoe-leather and slept in his last igloo. The Admiral doesn't look old nor feel old, but, for all that, fifty-seven is an age when the comforts of civilization have a greater appeal than the privations of the frozen polar regions. Mr. Perry is the head of the American branch of the Scott Memorial Fund, to commemorate the heroism of Colonel Scott and his associates.

The Marquis of Hartington, eldest son and heir of the Duke of Devonshire, England's wealthiest duke, is eighteen years old today. He will inherit not only the title, but a large slice of London, four castles and 150,000 acres of land. He is a handsome youngster, an enthusiastic sportsman, and in a few years will be the greatest matrimonial "catch" of England.

## SWAT THE FLY BEFORE IT'S BORN

The four principal steps in organizing a campaign against the fly are as follows:

First.—To educate people as to the deadly nature of the fly.

Second.—To kill off all winter flies, those hiding about the houses, waiting their season to fledge.

Third.—To do away with all breeding places for flies.

Fourth.—To trap all flies which happen to escape.

The extermination of the winter fly is a problem for the individual housewife. Don't let one fly escape. Hunt for them all and kill them early in the spring, for the winter fly is the parent of summer's terrible swarms.

To do away with the fly breeding places is merely a matter of cleanliness. Clean houses, gardens and yards. Clean streets and alleyways. Discourage the fly in its breeding localities.

Carrying out the fourth step, the sale of fly traps should be encouraged in every store.

To sum it all up, swat the fly before it is born.

## The Human Procession

BY O. TERRENCE

Colonel Oscar W. Underwood, author of the well-known bill that is to be the salvation (or destruction) of his beloved native land, rescuing said country from the plunging it into the dominion of how-wows, will celebrate his fifty-first birthday today. The chairman of the House Ways and Means committee is a Colonel by reason of having been born in Louisville, Ky. He was educated at the University of Virginia, began the practice of law at Birmingham, Ala. in 1881, and was sent to Congress in 1895. Mr. Underwood was the South's candidate for the Democratic nomination for president last year, and is a mighty popular man in Dixie, where they know him best. As the tariff king of a Democratic administration he occupies a position almost as important and involving quite as much hard work as the presidency. Mr. Underwood worked himself to the point of nervous prostration, giving his personal consideration to every phase of the bill.

Mr. Underwood made his first race for Congress on the platform of a tariff for revenue only, and won out despite the fact that Birmingham is an industrial center, with vast steel trust industries. Since then he has become the real boss of the Democrats of the House, and his word is now law and his law very near final. He is five feet ten, blue-eyed and fair, dresses like a prosperous business man, and is quiet and unobtrusive in demeanor. His personal characteristics are such that he has often been called the "Southern McKinley," not because of any political kinship, but because of his faculty for making friends and inspiring affection, and his ability to harmonize warring elements, adjust difficulties, and remove obstacles.

Crown Prince Frederick William of Germany, heir of the War Lord, was his thirty-first milestone today. According to the Berlin newspapers, a great change has come over the fu-

## HEALTH HINT FOR TODAY.

**Tooth Powders.**

Unless one knows of what they are made tooth powders must be used with caution. Precipitate chalk is good, and it may be perfumed as one chooses. There are several excellent tooth powders on the market, and chalk, variously "doctored," is the basis of some of them. It is admirable for the teeth. Persons who have trouble with softness of the teeth are often advised to wash the mouth out with and morning with milk of magnesia. It is said to have a very good effect upon the teeth and gums.

Washing the mouth with a weak solution of salt and water is also excellent. The breath may be sweetened and the teeth helped by washing the mouth two or three times a day in water to which has been added a tablespoonful of lime-water. Tartar can occasionally be removed from the teeth by rubbing them with a stick dipped in lemon juice, and a stick dampened and dipped in powdered pumice is good for taking spots from the teeth.

**May 6 In American History.**

1494—Columbus discovered the island of Jamaica.

1864—General James S. Wadsworth, Federal division leader, mortally wounded in the battle of the Wilderness; born 1807.

1902—Rear Admiral William T. Sampson, U. S. N., retired, died; born 1840. F. Bret Harte, noted author, died; born 1839.

**ASTRONOMICAL EVENTS.**

Evening star: Saturn. Morning stars: Mercury, Jupiter, Mars, Venus. The bright star Betelgeuse, setting about 9 p. m., belongs to constellation Orion, which has passed below the western horizon.

## SOCIETY

Miss Mary Roach entertained the members of the Thursday Evening Euchre club on Monday evening at her home in Elmwood avenue. At the conclusion of the game the trophies were received by Miss Edna Streiff and Miss Margaret Dwyer. A dainty two course luncheon was served.

Those present were: Misses Marie Gilbert, Margaret Dwyer, Katherine Shaughnessy, Josephine Egan, Maude Dolan, Nan Dwyer, Leona Egan, Marie Shaughnessy, Julia McCarty, Edna Streiff, Edith Mureth, Claire Kureth, Hazel Kirk and Mary Balzer.

Announcement is made of the wedding of Mr. and Mrs. W. R. Swan of 1191 Oak street, Columbus, and Mr. Grant Raitt of Wisconsin. The wedding will be an event of June 25. Miss Swan is a granddaughter of Mr. and Mrs. S. L. James of West Church street, and during her extended visits in this city has made many friends who will be interested to learn of her engagement. Mr. Raitt is a teacher of manual training in the High street school, Columbus.

At the wedding Mrs. Francis Davies will be matron of honor, Miss Ray Swan maid of honor, and Misses Marietta McClure and Helen Brill, bridesmaids.

The Independent Thimble club will meet with Mrs. Nellie Haver, 260 East Main street, Wednesday afternoon.

Mrs. Charles Root will be hostess to the Minerva club Wednesday, May 7, 1913, at her home No. 113 North Eleventh street. A full attendance is desired.

Mrs. I. M. Phillips' Sunday school class will meet at the home of Mrs. C. D. Paramore in North Fourth street Wednesday afternoon at 2:30. All members of class are urged to be present.

The meeting of the Art Embroidery club has been postponed for two weeks, when it will then be entertained by Mrs. Fred Sunderland.

The Royal Neighbors' Sewing circle will meet at the home of Mrs. Stella Morrison on Morris street on Wednesday afternoon at 2 o'clock.

### HARRIS-KUPPINGER.

On Monday evening at 7:30 o'clock at the home of Mr. and Mrs. Henry Kuppinger in Bowers avenue was solemnized the marriage of their daughter Elizabeth Kuppinger to Mr. Oren Harris. The wedding ceremony was solemnized by Rev. W. D. Ward, pastor of the Central Church of Christ, and only the immediate families were present. Following the wedding Mr. and Mrs. Harris left at once for Chicago, Ill., where they will make their future home. The bride is the daughter of Mr. and Mrs. Henry Kuppinger and was a member of the class of '14 of the Newark High school. Mr. Harris is manager of the Smith Fertilizer company of Chicago.

On Monday evening about 300 members of the Sunday school of the Second Presbyterian church were entertained with a dinner in the dining room of the church.

The dinner was given as a result of a campaign being waged in the school to increase the weekly collections. The school was divided into two divisions, the Reds and Blues, and the Blues being victorious, the Reds entertained with the dinner.

The dining room was arranged with spring flowers, and the tables had centerpieces of baskets of roses and carnations. A delicious two course dinner was served.

The picture presented was an attractive one, with the hundreds of children clad in their bright summer frocks, and after the dinner the little ones played on the lawn surrounding the home of Rev. Mr. Tullis.

Cotton seed crushing establishments in the United States now number 846, and crushed of the 1912 crop, prior to January 1, 1913, 2,761,394 tons of seed.

## SNAPSHOTS BY BARBARA BOYD

### Women Policemen and Married Teachers.

THAT the woman's movement is going forward by leaps and bounds is shown by two questions that just now are stirring the city of New York profoundly.

One is the appointment of women policemen; the other is the request of a school-teacher for a year's leave of absence to bear and care for a child.

Imagine two such propositions being put up to the public, say, twenty-five years ago. The wildest flight of imagination cannot picture it. Or if it had been done, those doing it would have been looked upon as out of their mind or a fit subject for ridicule.

And though today to some people, such propositions are in the nature of thunder-bolts; in the main, so far as thought progressed, they are at least given serious attention.

Probably the issue that is most far-reaching in its results is the case of the married school-teacher. Women policemen are but the next step to women in the juvenile courts and other such work in which the presence of women is helpful and uplifting. But the necessary leave of absence on account of motherhood goes right to the root of many of the economic problems of the day that have to do with women.

If such a precedent is established, if justice is accorded the woman in this war, if the party of the other part can see her side as well as its own, it will mean a tremendous clearing out of obstacles that now lie in the path of woman's economic independence. And economic independence for her means a bettering of conditions for the world in general.

Many women prepare for some profession or life-work with the feeling that perhaps all the years and the labor of preparation will count for naught, for they may get married. Others go into such preparation with a certain listlessness and indifference because of this very possibility of marriage. Others refuse to take up any definite work because they prefer to look to marriage as a means of living, to put it baldly.

But if it becomes one of the acknowledged facts of the life of today that marriage need make no difference to a woman's life-work, how this would clarify things. Woman could take up with her whole heart and soul any work she wanted, knowing it would be her work as long as she wished to follow it. Being economically independent, marriage would not be entered into except for the one good reason. And many women, and among them some of those best fitted for wifehood and motherhood, would not abstain from marriage as they do now, because it means to them domestic tasks for which they have no taste and the giving up of work which is the expression of their very selves.

All this is of course familiar ground to those who have been studying the woman question. But the finging of it into the face of the public, by this school-teacher of New York, will wake up many who have not deeply considered it, to the important bearing it has upon our social life. If what she requests could become an accepted fact of our social order and regularly allowed and planned for in the business regime, it would be a tremendous factor toward the improvement of our social order and the business world.

The probability is, however, her request will be refused. To the lay mind it is as yet too startling. The average mind is as unyielding to innovations as a rock. It takes much to move it. But in itself this very request is a good thing. It will set people, who have not yet thought much on this subject, to thinking. And thought is the force that eventually moves mountains.

Barbara Boyd.

## TREAT PROMISED AFTER MEETING OF FEDERATED CLUBS

Author of Prose and Poetry to Give Reading at Taylor Hall Next Monday Evening.

Maxwell Nicy Hayson, author of prose and poetry and a reader of high attainments, will offer as a feature of the meeting of the Woman's Federation, next Monday night in Taylor hall, when, at the conclusion of the business session of the federation, he will give several of Paul Lawrence Dunbar's celebrated negro dialect selections.

The meeting is set for 8:30 o'clock. The Boston Transcript in particular, and other critical publications in general, appear to regard Hayson as one of the shining lights of American genius literati. The Wheeling board of trade and various literary societies in Pennsylvania add their comment to his long list of endorsements. During his long residence abroad, principally in London, Hayson has formed the intimate acquaintance of many celebrated critics and literary men, among them Thomas Nelson Page, who is enthusiastic in his regard of him, and his poetic attainments.

Baltimore school children will select names for public schools in that city by ballot.

## PERSONALS

W. E. Hoyer of Columbus was a business visitor in the city yesterday. Miss Sylvia Howard and Ruth Daley of Pine street spent Sunday in Columbus.

Mr. and Mrs. Dennis Linehan and daughter Margaret have returned from a visit in Cleveland.

Miss Jeanette Ross has returned home after spending a few days the guest of relatives in Mansfield, O.

Miss Fay Hand, of the cloak department of the W. H. Mazy company is confined to her home in Oakwood avenue by illness.

Miss Mae Ross of Hudson avenue left on Monday for Chicago where she will be the guest of Mrs. Joseph Coelho. Mrs. Coelho was formerly Miss Margaret Kuster.

## DEAD ENGINEER IS BROTHER OF NEWARK WOMAN

An Associated Press dispatch from Salt Lake City in Monday evening's Advocate carried a story concerning Engineer Alfred Nelson, on the Overland Limited train of the Union Pacific railroad, being missing from his engine, and that he was probably killed.

Mr. Nelson is a brother of Mrs. John A. Francis, 162 East Main street, this city. Mrs. Francis received word of his death late Monday afternoon and Monday evening Mr. and Mrs. Francis and Miss Georgia Francis left for Salt Lake City.

The story of the accident as received is that when the train was nearing Church Butte, Wyo., the fireman discovered that Engineer Nelson was missing from his post, and was probably knocked from his seat into a river while crossing a bridge.

Mr. and Mrs. Francis did not receive any particulars of Engineer Nelson's death.

### "COMPLEXION SECRETS OF AN ACTRESS."

In a recently issued volume bearing the above title, the author says: "Continuous use of grease paints, rouge and the like has ruined my complexion. My skin was colored with white lead, coarse and punctured with large pores. In England I heard of the 'Vaseline' method and was the first to experience with this marvelous substance convinced me it was more valuable than all cosmetics combined. Now whenever my complexion begins to go wrong I get an ounce of mercuric iodine and use it as follows: I spread on a thin layer of it before retiring, washing it off next morning. The wax, after such treatment, seems literally to absorb the worn-out cuticle when a brighter, healthier, younger-looking skin appears."

"For the wrinkles and enlarged pores, I began using a solution of 'axolite' one ounce dissolved in a half pint of water. I have used the face in this every day for awhile soon relieved the condition most wonderfully."

### WRONG TO WATCH BASEBALL.

Harvard Expert Says Spectators Get Too Wrought Up.

Cambridge, Mass. — Beware, O ye baseball fans, for you are the product of a radically wrong attitude toward athletics. Witnessing professional baseball contests tends to harmful excesses and immorality. Thus spoke Harvard's world famous strength expert, Dr. Dudley A. Sargent, recently. He said in part:

"The excitement attending ball games as they are played at present is harmful. Our baseball fans nowadays are devotees of a game in exactly the same sense as are those fascinated by watching a roulette game or other games of chance."

"Attendance at these games means that thousands of men and boys and even women become unduly excited over the athletic prowess of professional players. They leave the ball grounds with nerves tingling and spirits exalted if the game goes well, and the question is, What outlet do those men and women find for their emotions thus aroused? I am tempted to leave the subject with an interrogation point."

"There is nothing wrong with a ball game as such any more than there is with a theatrical performance as such, but such games arouse emotion without furnishing a motor outlet. This would not be the case if the game were actually played instead of watched. We are overdoing one phase of the so called love of sport."

"There is nothing in this hothouse form of athletics, and the less we have of it the better."

### For the Weak and Nervous.

Tired-out, weak, nervous men and women would feel ambitious, energetic full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Rhinevault of Vestal Center, N. Y., says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by F. D. Hall.

## OBITUARY

### J. C. BROWN'S FATHER.

L. T. Brown, aged 62, died at his home in New Castle Monday, as the result of paralysis.

Mr. Brown was one of the most prominent men of the New Castle vicinity. He had spent practically all his life in or near that village and for the past ten years has been proprietor of the Brown hotel.

In addition to his wife, two children, J. C. Brown of Newark and Edna Brown of the home survive.

Funeral services were held from the Presbyterian church in New Castle at 4 o'clock Tuesday afternoon.

### MRS. ADA WILSON.

Mrs. Ada Wilson, 61, died at her home in Zanesville at 2 o'clock on Tuesday afternoon. The body will be taken to McConellsville, O., Friday, where interment will be made. Mrs. Wilson was the mother of Mrs. E. D. Clarkson of North Sixth street, this city, and she was at her mother's bedside when the end came.

### CARD OF THANKS.

We desire to thank our friends and neighbors who kindly and willingly tendered their services in our late bereavement in the death of our dear son and brother, John W. Arnold. Also for the beautiful floral offerings, which were appreciated very much. We further extend our thanks to Rev. W. D. Ward, the choir, Criss Bros., the O. E.'s and the A. I. U. for their services and many favors. Mrs. Rebecca Arnold and family.

### CARD OF THANKS.

We wish to extend our sincere and heartfelt thanks to the kind friends and neighbors, especially to the city firemen and Dr. W. C. Rank and the G. A. R. for their beautiful floral offerings and also Dr. Calvin Hazlett, for his consoling words. Mrs. T. R. Wilson and family.

### NEWSPAPER MAN MAY BE HEAD OF O. S. ASSO.

[Associated Press Telegram] Columbus, O., May 6.—The nominating committee of the Ohio State University association, comprising 2,300 graduates and former students of the university, today announced as candidates for the presidency the names of Joseph P. Myers, Pittsburg newspaperman, and N. W. Storer, of Pittsburg. The result of the mail vote will be announced here June 9.

### NEW CAPITOL FOR MISSOURI

[Associated Press Telegram] Jefferson City, Mo., May 6.—Construction of a new \$3,500,000 state capitol for Missouri began here today with a formal ceremony in which Governor Major, dozens of others state officials and citizens took part.

### M'CARTY TO MEET PELKEY IN CALGARY

[Associated Press Telegram] Calgary, Alberta, May 6.—Luther McCarty will meet Arthur Pelkey in a ten-round bout here Saturday, May 24. Tommy Burns received a wire today from McCarty accepting conditions.

**POOR OVERTAXED MILLIONS A YEAR**

**Representative Hull of Tennessee Defends Income Levy.**

**CARNEGIE AN "EXAMPLE."**

Author of Income Tax Measure Declares That Public is Compelled to Pay \$1,500,000,000 Annually Into Pockets of "Selected Individuals," Profits Assessed Too Low.

Washington.—"The richer a person grows the less he pays in relation to his property or income. Experience has shown that under the present tax system personal property practically escapes taxation for either local or state purposes."

These statements were made in the house by Representative Hull of Tennessee in defending the income tax, which is carried in the Underwood tariff bill and is estimated to yield the government \$70,000,000 a year in revenues.

Andrew Carnegie is singled out as a shining example of the rich who escape taxation. He holds \$400,000,000 of United States Steel corporation securities. Until recently he has paid state taxes on \$5,000,000 of personal wealth. New York city authorities have increased this assessment recently to \$10,000,000.

"The rich investor," said Mr. Hull, "the money lender, the wealthy busi-

**Fifty Years Ago Today.**  
May 6.

In preparation for war with the United States England ordered a reserve fleet of 300 ships to be ready.

First news reports of the battle in Virginia on the 2d appeared in the great dailies.

**Twenty-five Years Ago Today.**  
Another abscess broke in the throat of the German emperor.

be conferred on the nights of Tuesday, May 13 and May 20. Swords and belts are all that is needed.

**Birth Announcement.**  
Born to Mr. and Mrs. Floyd Goode of North Fourth street, a ten pound son.

**Swat the Flies Now.**  
Many people called at the Advocate office for fly swatters. Better get yours before they are all gone.

**Mr. Bentz Ill.**  
William Bentz, well known tailor, employed at the Cornell clothing store, is confined to his home, 139 Tenth street, suffering from typhoid fever.

**Neighbors Were Alarmed.**  
A bonfire in the back yard at the home of Mrs. Margaret Floyd, 105 West Church street, alarmed the neighbors who thought some of the buildings were burning. The fire department was called from box 36. There was no loss.

**Rig Struck by Auto.**  
When an automobile approaching from the rear struck the carriage of William Owens of West Newark on the South Side of the public square Tuesday afternoon, the horse was thrown to the pavement by the driver to prevent it from running away, say spectators. The buggy was somewhat damaged.

**Delegates Elected.**  
At the meeting on Saturday of Local Union No. 30 of the American Flint Glass Workers, the following were elected delegates to represent the local union at the Glass Workers Convention to be held in this city in July: Harley Weaver, George Green, Lawrence Schmidt and William Anderson.

**President Rhea Here.**  
President Rhea of the Pennsylvania railroad system was a caller in Newark Tuesday afternoon. The highest official of the Pennsy called for a short time, however, and did not leave his train. He, in company with several other officials of the road, is making a tour of the right of way through the flood districts on a special train.

**For Selling Liquor.**  
An affidavit charging Mrs. Trubiano with selling liquor on Sunday brought the woman into Mayor Swartz's court Tuesday morning. She entered a plea of guilty to the charge and was fined \$25 and costs.

**New Foreman Arrives.**  
George S. Price of Homestead, Pa., the new foreman for the Pittsburgh Engineering company on the construction job for the Licking Light & Power company, now erecting the steel structure for its big station here, opposite the B. & O. railroad station, has arrived and taken up his duties. Work of construction which has been progressing rapidly, will be given additional impetus now that the steel framework of the power plant is practically completed.

**Joseph Hinchman, bachelor, 88, of Merchantville, N. J., is suffering his first illness. He has adopted and reared 26 orphans.**

ness and professional men, cover up most of their taxable property. The intangible personal stock, bonds and other securities escape taxation almost entirely."

According to Mr. Hull, manufacturers have been in a tariff partnership with the government and have waxed fat. For more than half a century there has been a constant struggle by the wealthy to shift the burden of taxation to the shoulders and backs of those weaker, poorer and less influential citizens.

Statistics of property valuations were given by Mr. Hull to show that wealth is not being taxed and is not bearing its fair burden.

The census investigation, 1904, in New York reported that the city had about \$5,500,000,000 of personality, and the returns for taxation were about \$1,500,000,000.

The Kentucky tax commission reported in January, 1912, that the total amount of bank deposits from which the assessors were to make up their taxation lists against the depositors and taxpayers was about \$12,000,000. The bank statement to the comptroller for the same month placed these deposits at \$12,000,000.

The mayor of Philadelphia recently told the council: there that property in that city had been undervalued more than \$300,000,000. The census reports in 1904 valued all real property at \$107,000,000,000. The ad valorem assessment was \$30,000,000,000. The value of personality was placed at \$44,000,000,000. It was assessed for taxation purposes at \$9,000,000,000.

Hull charged that under the former scheme of taxation the government, in forcing the people to turn over for government maintenance about \$300,000,000 annually, gave a bonus of about \$1,500,000,000 a year to selected individuals who were given special favors by the high protective tariff tax.

Denial was made of the charge that the income tax was sectional in character. Hull argued that wealth had made itself sectional.

**RHEUMATIC PAINS GO SWOLLEN JOINTS VANISH**

**RHEUMA—Greatest Remedy for Rheumatism, Gout and Sciatica**

**Only 50 Cents and Money Back**

**From Evans Drug Store**

**If It Doesn't Satisfy**

Thousands of persons during the last year freed themselves from the bondage of Rheumatism; rid themselves of the torturing pain; reduced the swollen joints; threw away crutches and canes; and from helplessness became able to work and be of use to themselves and their families.

They took RHEUMA; the modern enemy of Rheumatism, which is also sure to cure Lumbago, Sciatica, Arthritis, Gout, Chronic Neuralgia or Kidney disease.

Don't be skeptical about RHEUMA. You will know in a few hours after beginning the treatment that the poisonous Uric Acid is leaving your system through the natural channels. You will feel better in a day; you will know you are going to be cured in less than a week.

Don't think because RHEUMA is sold for only 50 cents a bottle that it won't bring you back to health. There is no guess work about it. RHEUMA is better than any remedy at ten times the price. Ask Evans Drug Store.

**PROSPEROUS YEAR FOR TRINITY CHURCH ELECTION IS HELD**

At a meeting of the Trinity Parish, Trinity Episcopal church, held at the Parish house Monday night, Treasurer E. C. Wright reported to the church officials that the year just closed has been the most prosperous from a financial standpoint in the history of the church. He reported also that the church had received \$1,000 given to charity and a comfortable balance left in the treasury.

Henry O. Norris was elected Senior Warden; Charles C. Metz, Junior Warden, and Messrs. E. C. Wright, Fred Wright, Frank Bartholomew, Frank Webb, F. M. Black, Roderic Jones, S. M. Haight and Charles Stevens were elected vestrymen.

**Orpheum Theatre.**

Robert Sherman Stock company made good at the Orpheum Monday. Miss Marie Hood did some clever work and the company was well balanced. Pretty stage settings surrounded the different acts. All members of the company did specialties and they were all applauded by the audience.

The play for today is to be "The Gambler's Sweetheart," a western romance with lots of good, clean comedy. Specialties between acts. Prices to be 10 and 20 cents.

Read the Want Ads every night.

**HONOR PRISONER WALKS AWAY**

[Associated Press Telegram]

Columbus, O., May 6.—Grant Sloan, aged 35, serving twenty years from Portsmouth, walked away from an honor guard of prisoners at the state hospital at Dayton today. He is the first prisoner to escape under the administration of Warden Thomas.

**Audience in a Panic.**

The explosion of a celluloid film of motion pictures caused a panic in a Canton theatre yesterday afternoon but the 100 people present escaped.

Operators A. E. Weber and O. M. Stabler were seriously burned. The damage to property was slight. Geo. M. Penberg was former manager of the house where the accident occurred, but Mr. Penberg, formerly of Newark, is now in Chicago.

Sossaman, publisher of News, of Columbus, N. C., writes that one box helped his serious skin ailment after other remedies failed. Only 25c. Recommended by F. D. Hall.

## OVER 30 FAMILIES IN DRESDEN ARE STILL DESTITUTE

The appraised loss of property to merchants and residents of the village of Dresden by reason of the March flood is \$46,500, while there is a loss of many thousands additional to the woolen industries of Dresden. The water was in more than 100 houses in the village.

Shore Brothers, the woolen mill men, suffered a loss estimated at \$30,000.

The direction of Red Cross affairs in Dresden is in the hands of a committee consisting of A. H. Ellis, S. P. Spencer, W. H. Compton, P. A. Bright and George Collet. These gentlemen have been working like Trojans, relieving the distressed, securing supplies, gathering statistical information and helping in rehabilitation work. The village now shows but few tracks of the terrific damage by the flood. The streets have been cleaned, the houses are washed well and many of the flood sufferers have already re-entered their dwellings. The relief committee asks for \$2,000 for the work of rehabilitation. It is possible this sum will be given them, but it is really hardly possible. The amount of money at the command of the Ohio Flood relief commission and the Red Cross is too small to admit of making such a large grant. There are about 70 other towns and cities to be considered, too. However, relief will be extended to Dresden at the earliest possible time by the Red Cross.

There are at present in Dresden some 33 families which are destitute and about 25 more which need assistance. Red Cross cards are being made out, will be acted upon by this week, and relief will be distributed thereafter as quickly as possible. Only six houses were entirely destroyed, but many others were considerably damaged.

While the large part of Newark's relief work has been given to Zanesville, many shipments of supplies have been sent from this city to Dresden.

### Real Estate Transfers.

## ASCENSION DAY OBSERVED BY COMMANDRY

The annual Ascension Day services of St. Luke's Commandry, Knights Templar, were held on Sunday evening at the Second Presbyterian church, the Pastor, Rev. Don Tullis, delivering the address. The Knights in full uniform attended in a body and the remarks of Rev. Mr. Tullis were eminently fitting to the occasion.

Rev. Mr. Tullis spoke on the majesty of manhood, and how this was a day of knighthood and true Christian chivalry. The speaker appealed to his hearers to make fitting preparation for the final Knighthood.

A special musical program had also been prepared for the services.

## WHOLESALE LIQUOR DEALERS MEETING AT LEXINGTON, KY.

(Associated Press Telegram)

Louisville, Ky., May 6.—Ohio's new license law, and the federal Webb law, were principal subjects for discussion by the National Wholesale Liquor Dealers' association which began a three days session here today. The Ohio law, which regulates saloons and conditions under which they may transact business, is declared by some of the dealers to be the most advanced legislation yet framed for the regulation of the liquor traffic and the program of the convention included a discussion of plans to induce other states to follow Ohio's example.

Delegates began arriving yesterday in special cars. Practically every state in the union will be represented.

## IMPRISONMENT TO TEACH SON LESSON

(Associated Press Telegram)

Chicago, May 6.—Harold Bracken, 17, was taken to the work house last night to serve a fine of \$200 which his wealthy father refused to pay. The younger Bracken ran over a pedestrian with his automobile on Sunday night and tried to escape arrest by driving away from the scene. His father said he hoped the imprisonment "will teach him a lesson."

### Disappointed.

Bobby (going to the country for a week)—"Oh, shucks! I thought this was going to be a pleasure trip."—Chicago News.

## Try "GETS-IT"—See Every Corn Vanish!

The Corn Cure on a New Plan—Gets Every Corn Quick and Sure.

You've tried a lot of things for corns, but you've still got them. Try the new, sure, quick, easy, painless way—the

"First Time in My Life I Got Rid of Corns. 'GETS-IT' is a Marvel!"

new-plan corn cure, "GETS-IT." Watch it get rid of that corn, wart, callus or bunion in a hurry. "GETS-IT" is as sure as times. It takes two seconds to apply—that's all. No bandages to stick and fuss over, no knives to make corns sore and turn true flesh raw and red, no plasters, no more knives and razors that may cause blood poison, no more digging at corns. Just the easiest thing in the world to use. Your corn days are over. "GETS-IT" is guaranteed. It is safe, never hurts healthy flesh.

Your druggist sells "GETS-IT" 25 cents per bottle, or direct if you wish, from E. Lawrence & Co., Chicago.

## News of Towns Near Newark

\*\*\*\*\*

Coshocton: Dr. M. H. Goodhart has been granted a divorce on account of gross neglect.

New Lexington: Peter Dunkle, Junction City saloonist, fined \$35 for violating the closing ordinance.

Coshocton: The Clow company is planning another pit at its plant the coming summer.

Marietta: May 15 will be "Merchant's Day" in Marietta.

Zanesville: The total amount sent to Zanesville by the Red Cross is \$15,100.

Cambridge: Jno. C. Wilson, farmer of Bird's Run, badly hurt in a runaway.

Cambridge: B. & O. brakeman Edw. Kappas, 28, was caught between the bumpers but no ribs were broken.

Crooksville: Mrs. Martha Harding, 73, was buried in Woodlawn cemetery, Monday.

Zanesville: Jesse Ramsey, conductor, lost his suit for divorce. Mrs. Ramsey was also refused a divorce, but was given alimony.

Zanesville: The Zanesville committee appointed to visit Baltimore did not leave last night but will meet President Willard later this week. Zanesville is making an effort to have the B. & O. shops rebuilt here.

Zanesville: Red Cross \$1 relief fund tags were put on sale today.

## \$5,000 WHEN HE EARNS \$1,000

Uncle Leaves Legacy Under This Condition to Nephew.

Minneapolis, Minn.—After he earns \$1,000 "by his own efforts" S. E. Davis of Los Angeles will receive \$5,000 under the will of his uncle, the late Spencer E. Davis of Minneapolis, just died. "S. E. Davis is not a bad young man, but good and too freehearted," commented the uncle in the will.

Mr. Davis died April 7 on a train returning from Pasadena, Cal. His estate is estimated at \$110,000. He was the founder of the Monitor Drill works at St. Louis Park. The widow will receive the home and other real estate.

### Women Hold Five City Jobs.

Kansas City, Kan.—With the appointment of a woman as city clerk in this city five important positions under the government of this municipality are now held by women. Miss Laura A. Jost was appointed city treasurer, Mrs. Merle Addison Cutler and Miss Esther Bower, deputy treasurers, and Miss Beulah Reitz, city clerk.

## Abe Martin Says:

\*\*\*\*\*

Why does a wife that's big enough to knock a steamboat out of the water alias call a ninety-pound husband papa?

I wonder if the time'll ever come again when we'll see a gingham dress in church?

## Little Benny's Note Book

Pop came home late for supper agen yesterday, hanging on his hat in the hall and saying, 'Holo evry boddy! Well, its about time, sed ma, heer suppers haff ovir agen and yure jest showing up.

Bizness, bizness, and bizness, sed pop, as the trapeze artist sed wen he ternerd 40 summersawits in mid air and landed awn the smail of his back, its not wat we want to do in this world, its wat we haff to do.

It must be mitey pettucker bizness to keep you away evry nite like this, sed ma.

It is, it is, sed pop, setting down and starting to eat his uppin, but my deer, bizness is a hard mesin. It bleevies in toise rather than kindness and its mot-to is, Spare the time and spoil the bizness man.

I dont see wat awl that has to do with it, sed ma.

To do with wat, sed pop, and ma sed, Wy with yure kunning hoam so late.

My deer madum, sed pop, kant you understand plane English unless it is served in wun sillabil packages, sum time ill spend an evening leeding sum of Henry James's liter thawts aloud to you and then perhaps you'll find it eezier to komperhend my own poor attempts at fillosofkill explinay-shins.

Im still waiting to heer wat has bin keeping you so late the last few nites, sed ma.

You shall not wate in vane sed pop, as they say in the kindergarden, papa had to work orfill hard at the orfiss and so he calim hoam late tot suppir because he had to work orfill hard at the orfiss.

You think yure smart, dont you, sed ma.

I no I am, sed pop, but no man is smart enuff to satersty a womans deesire for an explinashin wen she had preevusly maid up her essenshilly femmin mind not to be saterstied.

O well, sed ma, I fotgot to tell you sumthing.

Wat now, O Sdinx-like wun, sed pop.

Mr. Lewis dropped in this afternoon, sed ma.

He did, sed pop, well, wat it he did, I trust evny frend of mine is awlways welkum at my humbel domersle.

Noboddy sed he was-ent welkum, sed ma, he dropped in to tell me to tell you wen you calim hoam that he had to go out of town and coodent meat you at the ball gam this attirnnoon.

O heck, sed pop.

I suppose so, sed ma.

## IF THIS IS YOUR BIRTHDAY

Fortune smiles on you, and more money and advancement will be yours. You are warned against quarrels and legal tangles, for they will prove unfavorable to you.

Bliss.

Louise—"Has Pauline's husband a horror of debt?"

Julia—"No; she is most happily married."—Judge

## WOMAN SICK FOURTEEN YEARS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the S. native Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

FRANK MYLIUS

Refinishing woodwork with Spartan is interesting work. Were it not for its value, its Earning Power, one might call it play.

Spartana is scientifically mixed, ready for use when you buy it. Gives a durable, elastic surface to woodwork. It flows evenly, dries over night. The directions for its application are simple.

Have surface clean and dry. If dark spots show, sandpaper them off. Apply stain with soft, flat brush, in direction of grain.

If desired to use a light finish on dark floors, a ground coat must first be applied.

Natural grain of wood can be reproduced with one of our graining outfits.

Architects and Painters, please note that

## SPARTAN ART WOOD STAINS

are not the same as Spartan Stain, the name of which is now Spartana.

They are the strongest line of stains extant for the practical painter and wood finisher.

Years of catering to piano and furniture makers, and architects having special staining problems to solve, has given us pre-eminence in this field.

## THIS AGED MARE KNOWS DENVER MAIL ROUTES

Denver.—There is probably no person in Denver who is able to start at the Union depot, traverse every street between there and Broadway, with Fourteenth street as the western limit and Nineteenth street as the eastern, and stop without a mistake or a change of mind at every mail box in that area. But a horse, aged fifteen, called Bess, knows the hundreds of mail boxes and knows them so well that she can find them on the darkest of nights, with a blizzard, a rainstorm or a ninety mile wind occupying all available space.

Bess is the property of Frank Monroe, a mail collector. She has grown aged in the service of Uncle Sam's mail department. In the twelve years of her service as assistant mail collector for the aforementioned route she has missed only seven days, none of these in the last year.

It is the boast of her master that a substitute mail collector can be placed on the route for the first time and return with the mail without the aid of any guide other than the sagacious Bess. As her master climbs into the wagon after gathering the mail from one box Bess heads directly for the next one, be it around the corner, across the street or down the block, and she never misses a box. Moreover, until the mail is in the rear of the wagon and she hears her master's voice, she will not leave the spot.

Bess, says her master, intends to remain a permanent employee for many years yet. Except for the fact that she spends most of the day sleeping in her stall until time to go on duty at 4 o'clock in the afternoon, she exhibits no signs of advanced age.

## GREEN ACT PRAISED

(Continued from page 1.)

of the liability companies is to initiate a new bill, and with an unselfishness which has always characterized the attitude of the liability companies in their conduct with labor. The scale of compensation is increased over the existing law. The compensation carried in the Green law is 33 1-3 percent higher than it is in any other American state.

"Under the existing law the state compels payment. Under the law as initiated it is suggested that manufacturers be permitted to carry their insurance with liability companies. The time and strength of the state would be consumed therefore in litigation with the same old foe. Under the existing law manufacturers can insure under the state fund or they can carry the insurance themselves. In this way compensation is insured, the state must render better service and lower cost of insurance; otherwise, the manufacturer will carry it himself.

"When the fight was made for the present bill, the liability companies sent representatives to trade bodies all over Ohio and reported to the manufacturers that the bill was unfair because the entire cost was placed upon the manufacturer. The further plea was advanced that the compensation was higher than that paid in any other state.

"The initiated bill, suggested by the newly found friends of labor, the foreign insurance companies that have grown rich through their brutal legal attitude towards labor, makes the compensation higher for the purpose of insidiously gaining the support of labor, and yet it must be noted that linked with this movement are the number of large business interests, corporate and otherwise, not engaged in the insurance business in the city of Cleveland.

"It is fair to assume that concerns are rushing into this fight, for the purpose of procuring higher compensation for employees. A higher rate is held out to labor, but in event of accident or death it can only be procured through the courts."

Governor Cox has stated that he will campaign throughout the state in defense of the Green bill.

## The Advocate Has a Fly Swatter For You

It might now be the time to begin war on the fly.

The common fly is not only a nuisance but a menace to health and to life itself.

In the past month the Advocate has published a number of articles relating to the fly pest and the people's attention having been brought to the matter many are now interested in the war of extermination. Newark can be made a "flyless" city if the people so desire and if they will co-operate in the movement to destroy the flies.

The federal department of health has issued this warning:

"A mild winter and warmer than usual spring presage the early arrival of our bitterest enemies—flies."

## FATHER KILLED IN COAL MINE AT SHAWNEE, O.

Mrs. Clarence Luther of East Main street received word late Monday evening that her father, Mr. Stoyke, had been killed in the Sunset Coal mine at Shawnee.

Mr. Stoyke was employed to attend to the fans in the mine and was struck by a motor. He lived but an hour after the accident, never regaining consciousness. He was 77 years old.

Mrs. Luther and her sister, Miss Edith Stoyke, who teaches school in this city, and makes her home with Mrs. Luther, left at once for Shawnee. The funeral will be held on Thursday.

## Best Medicine for Colds.

When a druggist recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, druggist of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and \$1.00. Guaranteed by F. D. Hall.

## INCOME TAX

(Continued from page 1.)

He told the public that fifty years ago, "one of the ablest men in public life first saw the light of day," and congratulated the Democratic party and the American people that during the past years of his life there has grown to greatness and bigness the able gentleman from Alabama, Mr. Underwood.

Amid a roar of applause from both sides of the chamber, Mr. Underwood thanked Mr. Mann for his congratulations.

In a short time consideration of the remaining paragraphs of the free list was completed and the income tax section of the bill was reached. The wool paragraph in the free list brought about a defection from the solid front of the Democrats. Representative Sharp of Ohio, representing Democrats opposed to free wool, offered an amendment placing a duty of twenty percent on raw wool, the rate fixed by the Underwood bill of the last congress.

Representative Sharp defended his Democracy by the statement that he now proposed a rate which both Speaker Clark and Majority Leader Underwood had voted for in the last congress.

Representative Fordney attacked the wool provision. Various amendments, including one to place all manufacturers of wool on the free list were defeated.

"In vastly increased numbers," reads the bulletin. "Immediate, well-directed efforts must be put forth if the threatening dangers are to be minimized."

It is explained that the time to swat the fly is before it becomes a pest—that is before the egg is hatched. The way this embryonic swatting is done is to eliminate filth of all kinds.

"If we do away with the breeding places of flies there will be no flies," says the health bulletin. "Garbage cans should receive your attention now. See that the next cleaning is thorough, that all matter is removed from the corners and that none is permitted to remain on the ground."

"Clean up, keep clean and see that your neighbors do likewise and you will have few, if any flies to contend with."

The way to get rid of flies is not only to "swat" the flies, but to remove filth, keep the premises clean and destroy the breeding places. In order to help in the campaign against the fly the Advocate has procured a large number of flyswatters which will be given without charge to those who apply at this office.

While the supply is large it will not last long and it will be well to procure your swatter at once.

Come to the Advocate office and get a fly swatter. Do your share towards eliminating the fly. Let us all join in the war against the housefly. Clean up your premises now.

## CODEIN AND DIABETES

Jambul, Codein and Fulton's Diabetic Compound are known to reduce sugar in diabetes.

Why Jambul should reduce sugar in diabetes is not clear, but it is not curative and is little used.

Why Codein, which is largely used, reduces sugar in diabetes is known. The opium in it locks up the secretions, including the sugar. But it too is not a specific and the patients do not recover.

Fulton's Diabetic Compound, the only one of the three agents whose results we have known to be permanent, gets its results by reducing Hepatic degeneration, thus enabling the liver to oxidize more sugar and starch and the system to assimilate it.

The patients reporting recoveries are, without a single exception so far as we know, on Fulton's Diabetic Compound. We never heard of a case recovering under Jambul or Codein.

In view of these plain facts how can there be a question in the mind of anyone who has diabetes, as to what his treatment should be?

If you have diabetes and are of middle age or over you owe it to yourself and family to try Fulton's Diabetic Compound before giving up.

F. D. Hall, druggist, is agent. Ask for pamphlet or write John J. Fulton Co., San Francisco.

## THREE SPECIAL SUNDAY FEATURES

Rev. Don Tullis, pastor of the Second Presbyterian church, announces special features for three successive Sunday night services during this month, which he believes will prove of interest to the public.

On Sunday night, May 11, Mothers' Day will be observed by a special service, at which mothers will be ushers and chorists in the quartet, pews will be reserved for mothers and everyone will be requested to wear a white carnation. A mothers' sermon will be delivered on the occasion.

Fathers will have their inning on the following Sunday, May 18, when the service, beginning at 7 o'clock, will be devoted to fathers.

Children's services will be held on May 25.

## COUNCIL WON'T RUSH

(Continued from Page 1.)

Mayor's fees, \$98 and officers' fees, \$48. City cases—Fines collected, \$90; licenses collected, \$165; other collections, \$141.

The public service committee reported to council on the recommendations of Service Director McCarthy to increase the pay of laborers, recommending the adoption of the scale mentioned above. The further recommendation was made that all skilled labor be paid union wages.

The committee asked more time to consider the petition to construct a sewer in North Eleventh street.

Service Director James McCarthy was the only city official to submit his budget, showing the funds which will be needed during 1914. His estimate is as follows:

General fund	\$ 5,000
Engineering	2,000
Street grading	5,000
Street paving	5,000
Street repairs	4,000
Sidewalks	500
Street cleaning	10,000
Sewers	2,000
Garbage removal	1,000
Bridges	1,000
Retaining walls	1,000
Seals	1,000
City parks	1,500
Buildings and lands	5,000
Light plant	10,000

Total \$59,000. A petition from four property owners in North Eleventh street protesting against the construction of the sewer from Solly to Granville street, claiming that they already had adequate sewer facilities. This petition was referred to the public service committee.

Councilman Prior's ordinance amending the ordinance fixing the wages of the laborers, was introduced and when a motion was made to suspend the rules, the motion was lost, four voting against the suspension of the rules. The measure will come up in the regular course of events, being on its second reading at the next meeting.

A resolution introduced by Mr. Payne for the paving of Buena Vista street from Indiana street to the hill top was adopted. Another resolution to construct sidewalks on the same street from Main to Indiana street was referred to the law committee.

A resolution was adopted instructing the clerk to write to the proper authorities at Washington to secure the services of a government engineer to look over the streams of Newark with a view of taking precautions against a recurrence of the March flood was adopted. Later the special committee which was sent to Columbus to confer with J. I. Miller, superintendent of public works, made its report which has already been published in the Advocate.

## SUFFRAGISTS PLACE DYNAMITE BOMB AT HOTEL ENTRANCE

[Associated Press Telegram] London, May 6.—A militant suffragette caught early this morning by the police in the act of placing a bomb at the entrance to the Grand Hotel, which is crowded with American tourists, was brought to Bow street police court later in the day and remanded by the magistrate for further inquiries. She gave the name of Ada Ward.

The bomb was in the form of a tin canister to which was attached a lighted fuse. A placard bearing the words "votes for women" was wrapped around it.

The Grand Hotel is situated on Trafalgar square.

St. Catherine's, the parish church of Hatcham in southeastern London, was gutted by fire this morning and the outrage is placed by the police to the account of militant suffragettes.

The edifice was well alight before the fire was discovered and the roof crashed in soon after the arrival of the firemen.

The pastor of the church saw three women in the building shortly before the fire broke out. He assumed they were worshippers as the church was kept open for private prayer throughout the day. A number of Hassocks were found saturated with oil.

## KING'S ASSASSIN SUICIDED TODAY

[Associated Press Telegram] Athens, Greece, May 6.—Aleko Schinas, who assassinated King George of Greece on March 13 at Salonika, committed suicide this morning by hanging himself out of a window of the police station in that city.

Schinas was a native of the town of Volo Thessaly. He killed the King by firing point blank into his back while he was walking along the streets of Salonika accompanied by an aide de camp. He gave as an explanation of the crime that in 1911 he had applied for assistance at the King's palace and had been driven away.

A few days ago the doctors examined Schinas and announced that he was dying from tuberculosis.

## MAYOR CADOT OF GALLIPOLIS HELD FOR ASSAULT

[Associated Press Telegram] Gallipolis, O., May 6.—Mayor H. L. Cadot, was arrested today and bound over to the grand jury charged with assault and battery upon Charles R. Burrett, the alleged assault took place in the mayor's office. Bond was furnished and the mayor was released.

## SMALL VOTE FOR CHARTER ELECTION IN COLUMBUS

[Associated Press Telegram] Columbus, O. May 6.—Perfect weather failed to bring out a large vote this forenoon in the special election which is being held to determine whether the city of Columbus will select fifteen men to draft a new city charter.

## The True Source of Beauty

## IS DONE WITH PULPIT BECAUSE OF CRITICISM

Fort Smith, Ark.—Members of the congregation of the Hemphill Presbyterian church have been balloting on whether they will accept the resignation of their pastor, the Rev. J. P. Hicks, just now a floorwalker in a hosiery department of a big department store. The preacher is hoping they accept his resignation, for a taste of floorwalking has spoiled him for the pulpit.

Hicks' advanced ideas of theology invited criticism among his flock, and without apologizing he resigned. Many of his church members, however, sympathized with him, and the ballot was taken as the best means of determining his relative popularity.

The preacher and W. G. Burton, department store head, are close friends. Burton not long ago commented on the lack of help during the Christmas rush of last year.

"Hire me," Hicks said. "If they accept my resignation I'll need the money to meet old obligations."

"You're on," the merchant said. And Hicks went to work.

The floorwalker went home tired the first night of his new work, which was a Saturday night, and the next morning he preached a sermon on "Why I Resigned, or Cogs in the Wheels of Progress."

Hicks is a deep student and until he took his new job never knew anything familiarly but theology. Some of the more staid members of his congregation regard his latest venture as the most daring and unconventional thing he ever attempted, but it is not his first departure from convention.

## SKIN ERUPTION CAME ON CHEEK

Started in Pimples. Nearly All One Cheek Solid Sore. Very Fretful. Used Cuticura Soap and Ointment. Face All Healed Up.

Kingsley, Mich.—"Last May my thirteen months' old baby had a sore come on her cheek. It started in four or five small pimples and in two or three hours' time spread to the size of a silver dollar. It spread to her eye. Then water would run from the pimples and wherever that touched it caused more sores until nearly all one cheek and up her nostrils were one solid sore. She was very fretful. She certainly was a terrible looking child, and nothing seemed to be of any use. Then I got some Cuticura Soap and Cuticura Ointment. She tried to rub off everything we put on so that we would sit and hold her hands for two hours at a time, trying to give the medicine a chance to help her, but after I washed it with Cuticura Soap and then put on the Cuticura Ointment they seemed to soothe her and she did not try to rub them off. It was only a few days before her face was all healed up, and there has been no return of the trouble since. We thought that baby's face would surely be scarred, but it is not." (Signed) Mrs. W. J. Cleland, Jan. 5, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each made free, with 22-p. Skin Book. Address: "Post-card" Cuticura, Dept. T, Boston. For Tender face men should use Cuticura Soap Shaving Stick, 25c. Sample free.

## Wash Day Delights

Washing on the Line by 9 A. M.  
All afternoon free for shopping and other duties

Clothes are washed easier, quicker and whiter than ever before and at the same time you are perfectly sure they are not rotted with chemicals and "dirt starters" and that your hands are as soft and white as when you began your work. Such wash day delights are to be had only by using

# KIRKS FLAKE WHITE SOAP

Accomplishes more work in less time than any other soap. It lathers freely in cold or hot, hard or soft water—makes clothes white—gives that sweetness and freshness so much desired.

**KIRK**  
Use JAP ROSE (Transparent) Soap for the Toilet and Bath

## JOS. F. SMITH PASSED AWAY EARLY TODAY

Well Known Newark Merchant in Ill Health for Several Years—  
Death Follows Paralytic Stroke.

Joseph F. Smith, age 71 years, for many years a well known merchant of Newark, died Tuesday morning at 8:15 o'clock at his home, 78 North Fifth street, from paralysis. His death followed an illness of five weeks, though he has been in ill health for three years or more.

Mr. Smith sustained the first stroke of paralysis probably three years ago. A second stroke left him in feeble health and the last stroke

JOSEPH F. SMITH.

sustained just five weeks ago, confined him to his home, where he hovered between life and death for more than a month.

Mr. Smith was born at Wakitoma, Coshocton county, Jan. 21, 1842, being the son of Mr. and Mrs. James M. Smith. He came to Newark in 1884, going into business with his brother, forming the partnership known as Smith Brothers. The firm operated grocery stores at Newark and Ulica. In 1888, Mr. Smith moved his family to Newark and has since made this his home.

The Newark branch of the store was operated by Smith Bros. up to 1907, when it was sold to Cliff L. Sturgeon, son-in-law of Joseph F. Smith. It was operated by Mr. Sturgeon up to the time of his death, when it was sold to the Mullin Grocery Co.

Mr. Smith was married in 1865 to Catherine McKee of West Carlisle, Coshocton county. Mrs. Smith died several years ago. Two daughters, Mrs. Clifford L. Sturgeon and Mrs. Ben. B. Jones, both of this city, survive. He also leaves three brothers, Walter S. Smith of Newark, Dr. T. J. Smith of Coshocton and Henry B. Smith of Lyons, Kans.

Mr. Smith was for years a member of the Second Presbyterian church. He was also a member of the Royal Arcanum.

Funeral services will be held at the home in North Fifth street Thursday afternoon at 2 o'clock. Rev. Don Talbot of the Second Presbyterian church, assisted by Rev. Mr. Holloway of the Plymouth Congregational church will conduct the services. Interment at Cedar Hill cemetery.

## MAY RUN 'BUS TO MT. CALVARY NEXT SUNDAY

Hundreds of persons who have relatives buried in Mt. Calvary cemetery and have found it inconvenient to make the trip, may be given an opportunity to visit the cemetery each Sunday, if a plan now in consideration is carried out.

Execution of a plan to haul two car loads of visitors to the cemetery every Sunday has been brought to the attention of the management of the Blair Motor Truck company, with a view of having the company run its road motor bus to Mt. Calvary cemetery.

The management is considering a suggestion to make one trip in the forenoon and one in the afternoon, at a charge of ten cents per passenger each way, or fifteen cents for the round trip. The scheme may be tried next Sunday.

## ACTUAL WORK TO START SOON ON MASONIC TEMPLE

The shipment of steel girders for the first floor of the new Masonic Temple about to be erected at the corner of Church and Fourth streets,

is on the way from the mills at Kenton, O., and is expected to arrive before the middle of this week, when actual work on the structural portion of the new temple will be started.

## TROLLEY WRECK NEAR DELAWARE

Delaware, Ohio, May 6.—Twelve persons were injured at Stratford last night when a C. D. and M. traction car crashed into a string of freight cars on a siding.

Motorman Charles E. Noble was the most seriously injured. He was taken to a local hospital, suffering from severe scalp wounds. The entire front end of the car was splintered.

Others injured were: Carl Mooney, conductor, Delaware, wrist sprained.

S. Strauder, South Bloomfield, badly cut.

Mrs. Elizabeth Spring, aged 65, Delaware, cut on the face.

R. G. Dickerson, Delaware, bruised and cut.

George Brumm, Stratford, slightly hurt.

Fred Toothaker of Akron is in the city visiting his parents at 63 Cham-ber streets.

## JUDGE HUNTER HASN'T DECIDED ORT SUIT YET

Judge Hunter did not render his decision in the Ort divorce suit today, but the court's opinion will be announced soon. This case occupied the attention of the probate court for two days and included a three hour examination of the good looking young plaintiff, Mrs. Vera Ort.

Mrs. Ort, who is only 21 years old, and the mother of a little baby, charges her husband with extreme cruelty, gross neglect and drunkenness. She asks for alimony and the custody of the child. Smythe & Smythe are her attorneys.

The defendant, Frank Ort, a grocery clerk of Postoria, in his cross-petition denies the wife's charges and in turn accuses her of neglect and says she entertained strange men at home while he was not present. Mr. Ort also alleges that the wife was guilty of a fraudulent contract in marrying him

and that various things she told him after marriage proved his assertion. In this connection the name of a Fosterian man appeared. Further Mr. Ort said that she had threatened to kill him with a razor and in support of this assertion Ort produced a razor in court and exhibited a night gown which he said showed the razor slashes. The wife vigorously denied this charge and told how she had been forced to wear the garment that belonged to her husband.

Among matters mentioned on the witness stand was a statement by Mrs. Ort to the effect that her husband went to bed with a big chew of tobacco in his mouth and she admitted having filed objection to that sort of thing. The testimony during the progress of the trial for two days ranged from tragedy to comedy and in many respects was most unusual. A dozen witnesses from Postoria had to sit up in the middle of the night in order to catch a train for Newark so as to be here to testify.

### GIVE SATISFACTION.

"Did the play have a happy ending?"

"You bet it did. Some one in the gallery hit the villain square in the face with a tomato."—Houston Post.
